Each charge describes wine shipped other than as permitted by the cited Virginia statutes and regulation, specifying: **"SHIPPED A PRODUCT FROM AN ADDRESS FOR WHICH THE SHIPPER IS NOT LICENSED"**. The month descriptions above summarize the date ranges; the original workbook contains the complete charge text.

Limits of this extract. The spreadsheet is an agency disposition summary, not the negotiated order. Its suspension, mandatory-suspension, probation, revoked, dismissed, and other-outcome cells are blank. Those blanks do not establish all settlement terms, admissions, payment, or the absence of other conditions. This later disposition concerns different shipment periods from the 2019 shipments addressed in the 2023 appellate opinion.
